line and clustered column visual showing sale price and quantity sold for each state as columns and price as the line

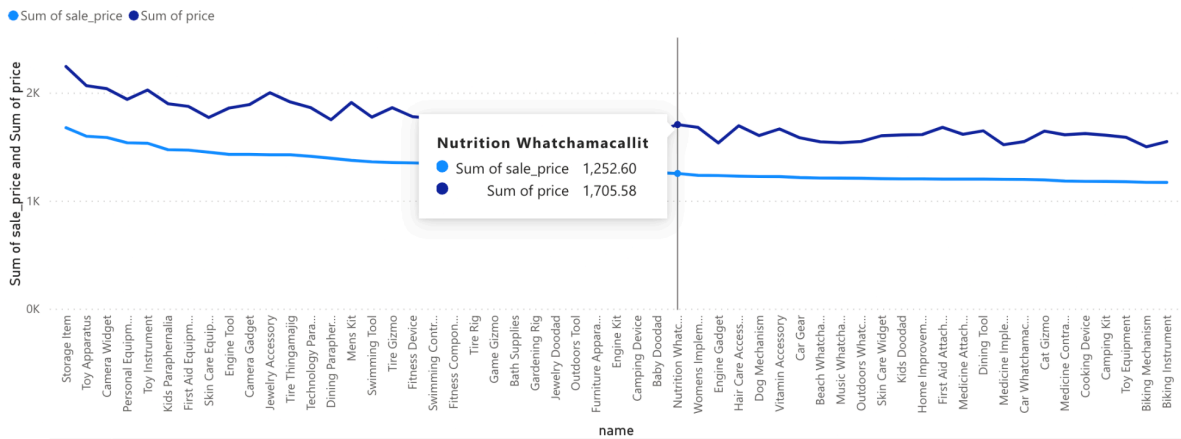

Clustered column chart visual showing sale price, quantity sold, and category

A map visual showing all the states

A line chart visual showing the price and sale price for each product

A Q&A visual which can be used to ask questions from the data

Ask a question about your data

Try one of these to get started

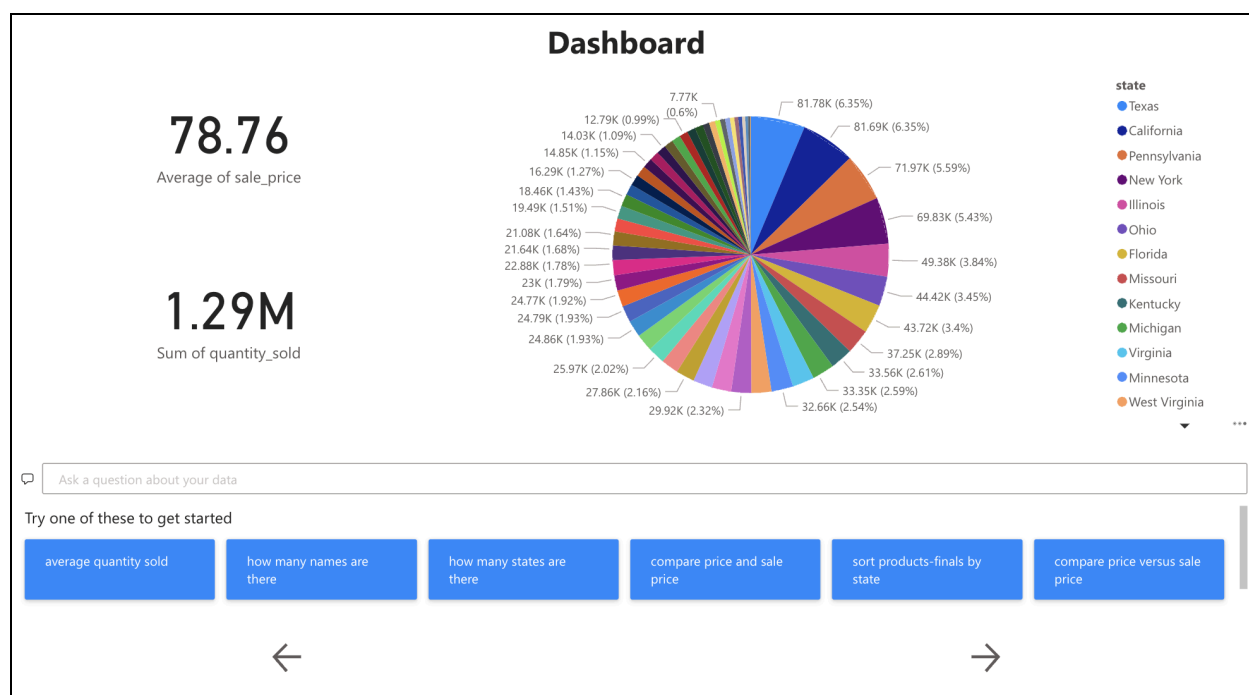

- average quantity sold
- how many names are there
- how many states are there
- compare price and sale price

Show all suggestions

A card visual which shows the quantity sold

1.29M

Sum of quantity_sold

This integrated approach not only streamlines operations but also ensures that the organization can quickly adapt to market changes and customer needs while maintaining a competitive edge.
